2.0 CONDITIONS AND DISCLAIMERS		
2.1	Guarantees	This license shall not vest any right or privilege in the Licensee to receive specific quantities of solid waste at the direction of Metro during the term of the license.
2.2	Non-exclusive license	This license shall not in any way limit Metro from granting other solid waste licenses within Metro's boundaries.
2.3	Property rights	This license does not convey any property rights in either real or personal property.
2.4	No recourse	The Licensee shall have no recourse whatsoever against Metro, its officials, agents or employees for any loss, costs, expense or damage arising out of any provision or requirement of this license or because of the enforcement of the license or in the event Metro determines that the license or any part thereof is invalid.
2.5	Indemnification	The Licensee shall indemnify Metro, the Council, the Chief Operating Officer (the "COO"), and any of their employees, or agents and save them harmless from any and all loss, damage, claim, expenses including attorney's fees, or liability related to or arising out of the granting of this license or the performance of or failure to perform any of obligations under the license or Metro Code Chapter 5.01, including without limitation patent infringement and any claims or disputes involving subcontractors.
2.6	Binding nature	The license is binding on the Licensee. The Licensee is liable for all acts and omissions of the Licensee's contractors and agents.
2.7	Waivers	To be effective, a waiver of any terms or conditions of this license must be in writing and signed by the COO.
2.8	Effect of waiver	Waiver of a term or condition of this license shall not waive nor prejudice Metro's right otherwise to require subsequent performance of the same term or condition or any other term or condition.
2.9	Choice of law	The license shall be construed, applied and enforced in accordance with the laws of the State of Oregon.

2.10	Enforceability	If a court of competent jurisdiction determines that any provision of this license is invalid, illegal or unenforceable in any respect, the validity of the remaining provisions contained in this license shall not be affected.
2.11	License not a waiver	This license does not relieve any owner, operator, or the Licensee from the obligation to obtain all required permits, licenses, or other clearances and complying with all orders, laws, regulations, reports or other requirements of other regulatory agencies.
2.12	License not limiting	This license does not limit the power of a federal, state, or local agency to enforce any provision of law relating to the facility.
2.13	Definitions	Unless otherwise specified, all other terms are as defined in Metro Code Chapter 5.00.

3.0	AUTHORIZATIONS	
3.1	Purpose	This section of the license describes the wastes that the Licensee is authorized to accept at the facility, and the waste-related activities the Licensee is authorized to perform at the facility.
3.2	General conditions on solid waste	The Licensee is authorized to accept at the facility only the solid wastes described in Section 3.0 of this license. The Licensee is prohibited from knowingly receiving any solid waste not authorized in this section.
3.3	General conditions on activities	The Licensee is authorized to perform at the facility only those waste-related activities that are described in Section 3.0 of this license.
3.4	Acceptance and management of yard debris	The Licensee is authorized to accept source-separated yard debris that has not reached a state of decomposition sufficient to produce malodors detectable beyond the boundaries of the facility. The Licensee may accept yard debris for grinding and reloading to authorized facilities for composting, use as hogged fuel, or other useful purposes as described in an operating plan and approved in writing by the COO.
3.5	Acceptance and management of land clearing debris	The Licensee is authorized to accept source-separated land clearing debris (e.g. brush and stumps). The Licensee may accept land clearing debris for grinding and reloading to authorized facilities for composting, use as hogged fuel, or other useful purposes as described in an operating plan and approved in writing by the COO.

3.6	Acceptance and management of untreated wood	The Licensee is authorized to accept source-separated, untreated and unpainted ("clean") wood waste (e.g. untreated lumber and wood pallets). The Licensee may accept clean wood waste for grinding and reloading to authorized facilities for composting, use in paper production, use as hogged fuel, or other useful purposes as described in an operating plan and approved in writing by the COO.
3.7	Acceptance and management of painted and treated wood	The Licensee is authorized to accept painted and treated wood waste, other than creosote-treated wood waste, for grinding and reloading to authorized facilities for use as hogged fuel or other useful purposes as described in an operating plan and approved in writing by the COO. The Licensee shall not use or incorporate painted and treated wood into mulch, animal bedding, compost feedstock, or any other landscaping or agricultural products unless otherwise described in an operating plan and approved in writing by the COO. The Licensee shall post signs that clearly designate the different locations for painted and treated wood waste from that of composting feedstock.
3.8	Acceptance and management of inert materials	The Licensee is authorized to accept inert materials (such as clean concrete, rock, soil, etc.) for the purpose of recycling, recovery, sorting, classifying, consolidating, processing, transfer, or other similar functions related to preparing these materials for useful purposes as described in an operating plan and approved in writing by the COO.
3.9	Production of hogged fuel	<ol style="list-style-type: none">1. As authorized by Section 3.0 of this license, the Licensee is authorized to accept and process only untreated wood, painted wood, and incidental quantities of treated wood for delivery to facilities with industrial boilers for use as hogged fuel.2. The Licensee is prohibited from mixing any other solid waste with the wood wastes described above in Section 3.9.1 for the production of hogged fuel.

4.0	LIMITATIONS AND PROHIBITIONS	
4.1	Purpose	This section of the license describes limitations and prohibitions on the wastes handled at the facility and waste-related activities performed at the facility.
4.2	Prohibited waste	The Licensee shall not knowingly receive, process, reload or dispose of any solid waste not authorized in this license. The Licensee shall not knowingly accept or retain any material

		amounts of the following types of wastes: non-putrescible waste other than that specifically allowed in Section 3.0 of this license, putrescible waste, special wastes as defined in Metro Code Chapter 5.00, creosote-treated wood or timbers, materials contaminated with or containing friable asbestos; lead acid batteries; liquid waste for disposal; vehicles; infectious, biological or pathological waste; radioactive waste; hazardous waste; any waste prohibited by the Oregon Department of Environmental Quality ("DEQ").
4.3	Prohibition on mixing	The Licensee shall not mix any source-separated recyclable materials, source-separated yard debris or wood wastes brought to the facility with any other solid wastes.
4.4	No disposal of recyclable materials	The Licensee shall not transfer source-separated recyclable materials to a disposal site.
4.5	Composting prohibited	This Licensee shall not keep yard debris on site long enough for more than negligible biological decomposition to begin. Yard debris shall not be stored on-site for more than seven days.
4.6	Limits not exclusive	This license shall not be construed to limit, restrict, curtail, or abrogate any limitation or prohibition contained elsewhere in this license document, in Metro Code, or in any federal, state, regional or local government law, rule, regulation, ordinance, order or permit.

5.0	OPERATING CONDITIONS	
5.1	Purpose	This section of the license describes criteria and standards for the operation of the facility.
5.2	Qualified operator	<ol style="list-style-type: none"> 1. The Licensee shall, during all hours of operation, provide an operating staff employed by the facility, and qualified and competent to carry out the functions required by this license and to otherwise ensure compliance with Metro Code Chapter 5.01. 2. Facility personnel, as relevant to their job duties and responsibilities, shall be familiar with the relevant provisions of this license and the relevant procedures contained within the facility's operating plan. 3. A qualified operator must be an employee of the facility with training and authority to reject prohibited waste that is discovered during load checks and to properly manage prohibited waste that is inadvertently received.

5.3	Fire prevention	The Licensee shall provide fire prevention, protection, and control measures, including but not limited to, adequate water supply for fire suppression, and the isolation of potential heat sources and/or flammables from the processing area.
5.4	Adequate vehicle accommodation	The Licensee shall: <ul style="list-style-type: none">a) Provide access roads of sufficient capacity to adequately accommodate all on-site vehicular traffic. Access roads shall be maintained to allow the orderly egress and ingress of vehicular traffic when the facility is in operation, including during inclement weather.b) Take reasonable steps to notify and remind persons delivering solid waste to the facility that vehicles shall not park or queue on public streets or roads except under emergency conditions or as provided by local traffic ordinances.c) Post signs to inform customers not to queue on public roads.d) Provide adequate off-street parking and queuing for vehicles, including adequate space for on-site tarping and untarping of loads.
5.5	Managing prohibited wastes	<ul style="list-style-type: none">1. The Licensee shall reject prohibited waste upon discovery and shall properly manage and dispose of prohibited waste when inadvertently received.2. The Licensee shall implement a load-checking program to prevent the acceptance of waste that is prohibited by the license. This program must include at a minimum:<ul style="list-style-type: none">a) Visual inspection. As each load is tipped, a qualified operator shall visibly inspect the load to prevent acceptance of waste that is prohibited by the license.b) Containment area. A secured or isolated containment area for the storage of prohibited wastes that are inadvertently received. Containment areas shall be covered and enclosed to prevent leaking and contamination.c) Records maintenance. Records of the training of personnel in the recognition, proper handling, and disposition of prohibited waste shall be maintained in the operating record and be available for review by Metro.3. Upon discovery, the Licensee shall remove all prohibited or unauthorized wastes or manage the waste in accordance with DEQ requirements and procedures established in the operating plan. All such wastes the Licensee inadvertently
